

Leading Celebrate Recovery Fridays

CR Materials, equipment, process for

1. Reducing the copying of so much material that ends up in the round bin
2. Simplify the process
3. Standardize the material to CR available products
4. Spread the workload among more leaders and volunteers

We will begin using The **Celebrate Recovery Leaders Guide** for teaching in the large group, or the **A/V lessons that are on line currently on our CR U-tube site Celebrate**. I prefer we use the leaders guide.

The leader's Guide is for sale on Amazon for \$4.99 as an e-book

Participants and leaders will begin using the participants guides.

The guides have all the participants need to complete the lessons, with a sponsor. Stepping Out of Denial into God's Grace Participant's Guide 1: A Recovery Program Based on Eight Principles from the Beatitudes (Celebrate Recovery)

Paperback \$7.99 FREE delivery for Prime members

Kindle \$4.99 \$7.99 (soft cover)

At \$4.99 each we will buy the first e-book for those who **cannot afford one, and are planning on doing the step work.**

I will need e-mail addresses and cell phone #'s to order u one

Each book includes 6 lessons and takes 12 weeks to complete i.e. lesson 1st week, small group 2nd week. This amounts to \$.42 cents per week.

I down loaded the Kindle e-book version to my small phone, crystal clear.

The introduction to CR is available on our computer, currently Kaitlyn, Dylan and James are trained to set up and operate the A/V system.

We need a person to inventory brochures and tokens, and someone to make copies and order tokens from www.pastors.com I will need a copy of the invoice to get you paid.

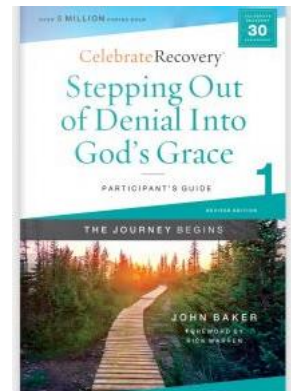

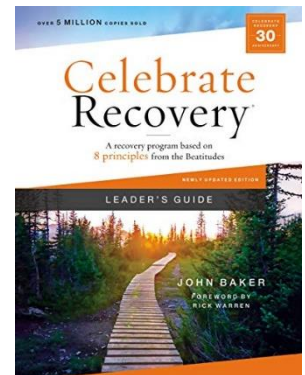

Volunteer needed to inventory and purchase, 8 oz cups, sugar packets, creamers, small plater and stirrers. Again, I will need a receipt to pay you.

This will greatly simplify the process, thank you for your cooperation.

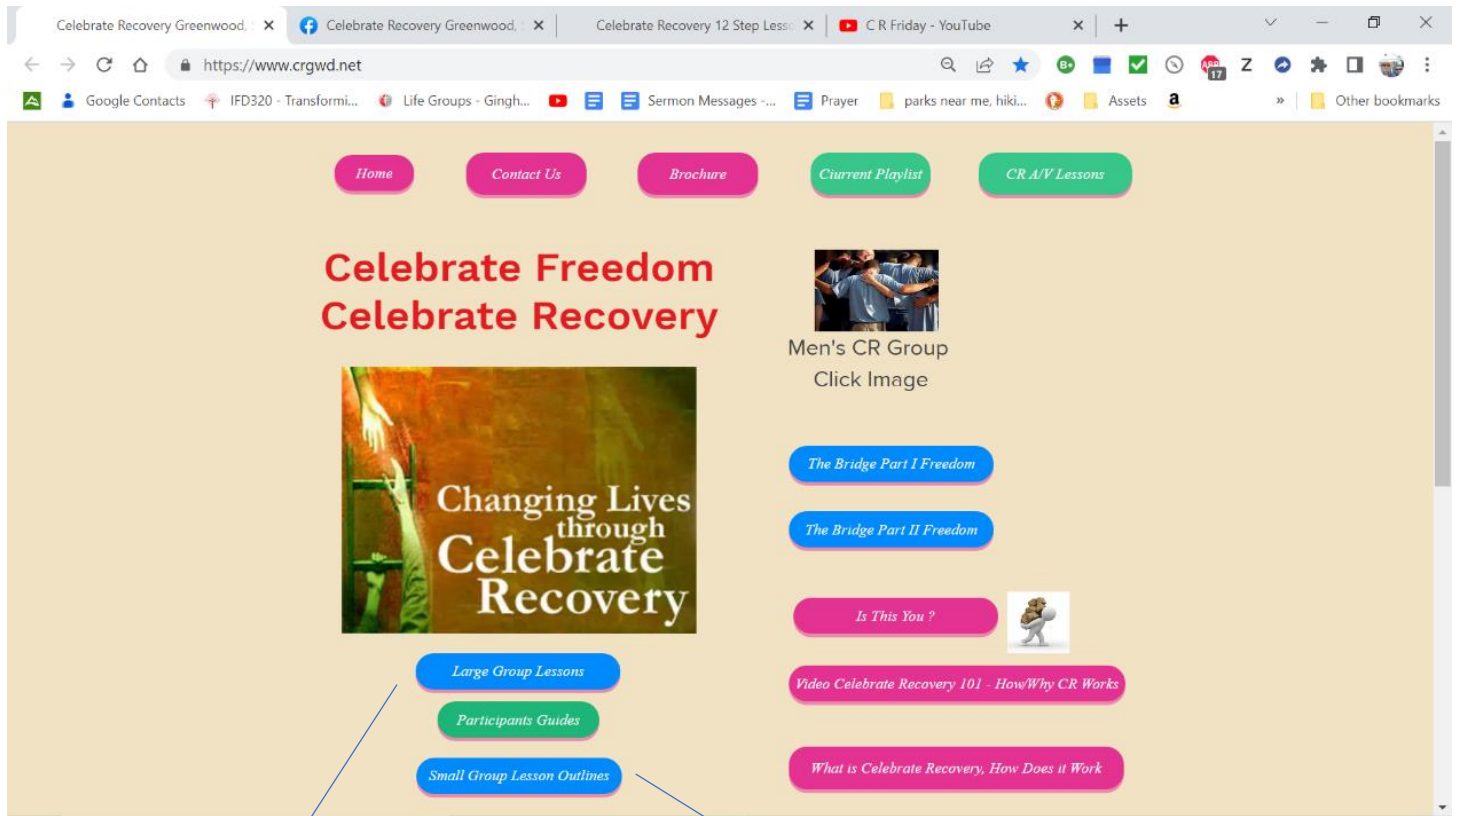

Transition Period

Our Celebrate Recovery web site will carry all lessons both large group and small groups.
